

## Partner organisations

### Bayern International

Bayern International is an export-promotion company of the Free State of Bavaria for small and medium-sized Bavarian companies as well as for the marketing of Bavaria as a business location.

### netzwerk nordbayern

netzwerk nordbayern is the first contact for innovative start-ups regarding business planning, financing and training. Within its financing activities it operates capmatch medical, a service designed to connect capital seeking Life-Science companies across Europe with investors.

### Invest in Bavaria

The business promotion agency of the Free State of Bavaria supports companies from a wide range of sectors and from Germany and abroad in finding the ideal location in Bavaria.

### evobis

evobis is the first address for company formation, financing and acceleration, is guiding founders as well as start-up entrepreneurs in developing a businessplan and implementing it. evobis also offers access to a network of VC's and business angels.

### Bayern Innovativ GmbH

Bavaria's Corporation for Innovation and Knowledge Transfer realises as an innovation mediator the cross-sectorial cooperation and instigates innovations within SMEs in the five fields of Health & Life Science, Mobility, Energy, Materials and Digitisation.

### IBB Netzwerk GmbH

IBB is the networking agency for industrial biotechnology in Bavaria. Its members are large corporations, SMEs, universities, research institutions, consultants and associations.

### Bayerische Patentallianz GmbH

Bayerische Patentallianz GmbH is the central patent and marketing agency of 28 Bavarian universities and, as such, one of the global players in IP based technology transfer from science to industry.

### Bavarian Research Alliance (BayFOR)

BayFOR is a private company for the support of Bavaria as a centre for science and innovation within the European Research Area and a specialist in European research funding.

### Bio<sup>M</sup> Biotech Cluster Development GmbH

The Bavarian Biotech Cluster is managed by Bio<sup>M</sup>. The website [www.bio-m.org](http://www.bio-m.org) offers news, job opportunities, an events calendar, a Bavarian biotech company database and much more.

# THE BAVARIAN BIOTECH CLUSTER

## Bavaria – home to innovation

Bavaria is the southernmost and largest federal state of Germany. Bavaria is a leading location for high technology and innovation, i.e. automotive, digital technology and life sciences.

Bavaria plays a leading role in all major areas of biotechnology. Among them are pharmaceutical biotechnology (diagnostics and new therapeutics), "omics"-technologies, personalized medicine and biomarker research as well as the industrial and environmental applications of this future technology.

## A network of competencies

The Bavarian Biotech Cluster is a not-for-profit networking organization linking the biotech locations and start-up centers in Bavaria. We provide information about the sector and offer help to find the right contacts: from science to business and from business to science.

By interlinking business and science, the Bavarian Biotech Cluster provides a state-wide network that supports and strengthens the translation process from scientific idea to final product.

## Our services

- The Bavarian Biotech Report – the annual survey of the biotechnology sector including comprehensive company profiles
- Basic and expert training for biotech employees
- Representation at international trade fairs
- Contact to all Bavarian biotech locations
- Entry point for global biotech and pharma industry

# BIOTECH CENTERS IN BAVARIA

**IGZ Wuerzburg**  
The Innovation and Start-up Center Wuerzburg close to the Julius-Maximilians-University offers lab space and has developed a comprehensive program for promoting start-up activities in the region.  
[www.igz.wuerzburg.de](http://www.igz.wuerzburg.de)

**Munich Biotech Cluster m<sup>4</sup>**  
With more than 270 life science companies, world-renowned universities and excellent research institutions, Munich is one of Europe's hot spots for research and innovation. The cluster has a strong focus on health, i.e. personalized medicine. The not-for-profit network organisation Bio<sup>M</sup> offers a wide variety of services like training, partnering, financing and events.  
[www.m4.de](http://www.m4.de)

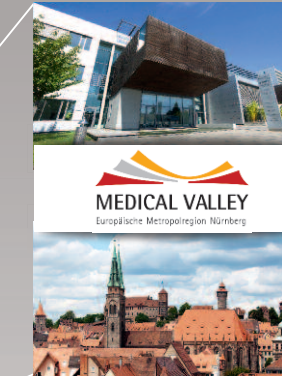

**IZB Martinsried and Freising**  
The Innovation and Start-up Center for Biotechnology (IZB) in Planegg-Martinsried (focus on medical biotechnology) and Freising-Weihenstephan (focus on bio-, agricultural- and nutritional- sciences) has developed into one of the top biotechnology centers in the world and offers young biotech start-ups on 25 000 m<sup>2</sup> an optimal building infrastructure for biotechnology.
